CUSTOM EFFICIENCY REBATE NOTIFICATION

Congratulations - we have approved your project for a Custom Efficiency rebate. Please note that this project's rebate is based on the information you provided and will be paid pending project completion and Xcel Energy verification that the equipment is installed and operating.

Project #	5658
Description	Dock Door Sealing

Preapproved rebate	\$86		
Preapproval date	Oct 27, 2011	Preapproval expires on	Oct 24, 2013

ESTIMATED ANNUAL ENERGY SAVINGS*

Energy savings (kWh)		kW used for rebate	
Gas Savings (Dth)	17	Annual energy cost savings	\$132
Simple payback (in years, after rebate)	2.3		

* Energy and financial savings estimates are based on customer inputs, generally accepted engineering principles and state-mandated utility rates. Actual savings will vary. Payback calculation may include other non-energy economic benefits. Customers are encouraged to perform their own analysis.

Manufacturer	Nyeguard		
Equipment	Track and Seal System		
Quantity	1		
Total cost	\$395	Incremental cost	\$395
